

Course Title: Triple Science

Course Code/Codes: 1BIO, 1CHO, 1PHO

Examining Body: Pearson Edexcel

What is the aim of this course?

The aim of this science course is to provide you with the knowledge and understanding of the various and interesting science topics you will experience in your everyday lives. Triple Science comprises three separate qualifications; Biology, Chemistry and Physics, taught in the time of two.

Triple Science is a practical-based course and we aim to teach the topic through a series of practical activities.

Why should I choose this course?

Through a wide range of activities, you will be able to recognise the impact that science and technology will have in the future as you make informed decisions about issues and employment opportunities that involve science.

How will I be assessed?

Paper 1 & 2: Biology

- Written exam: 1hr 45mins (Each)
- 50% of qualification (Each)

Paper 1 & 2: Chemistry

- Written exam: 1hr 45mins (Each)
- 50% of qualification (Each)

Paper 1 & 2: Physics

- Written exam: 1hr 45mins (Each)
- 50% of qualification (Each)

Is this course for me?

This course is aimed at pupils who can work independently and manage their work load effectively. It's designed to help prepare pupils for the step up to A-Level sciences.

Possible career opportunities

There are a range of career choices open to you should you decide to continue your education in Science. These include:

- Healthcare
- Forensic science
- Lab technician
- Researcher
- Teaching
- Engineering
- Banking
- Law

Triple Science Selection Criteria

If you have consistently shown outstanding achievement in science and have been recommended by your teacher, you will be invited to study Triple Science.

Those who do not meet these criteria will pursue the COMBINED SCIENCE course. More information on Combined Science can be found on **page 8**.
